

NEW YORK REGION I PTIC COLLABORATIVE 2016 WEBINAR SERIES ON TRANSITION

The New York Region I Parent Training and Information Center (PTIC) Collaborative is presenting a webinar series on transition to adulthood for students with disabilities.

Advocates for Children
of New York

Protecting every child's right to learn

NOVEMBER 10

Diploma options for students with disabilities:

Learn about the different diploma options and graduation credentials for students with disabilities in New York State.

NOVEMBER 17

Supporting students and staff in the student-led Individualized Education Program (IEP) process:

Understand how to support your child in participating meaningfully in his/her IEP meetings. Learn practical tips to successfully engage students and explore strategies to work collaboratively with the school staff that supports them.

DECEMBER 1

So much information; so little time:

Learn all about the countless transition resources available.

DECEMBER 8

Services for families and parents of individuals with developmental disabilities:

Services include Medicaid service coordination, community habilitation, in-home and site-based respite, day, employment and residential services. Expected changes as a result of Medicaid redesign to also be discussed.
